FEATURED PROJECTS

SHAKEDOWN | www.gearshakedown.net

- Shakedown assists hiking enthusiasts by determining appropriate pack weight or taking inventory of their existing existing gear.
- Built with React, Node.js, Express, PostgreSQL, Bootstrap, Bcrypt Hash, AWS

QUIZME! | www.quizmeapp.us

- A learning tool to assist users in their understanding of the ever-evolving programming concepts, languages and algorithms.
- Built with Node.js, Express, Handlebars, PostgreSQL, JavaScript, Bootstrap, AWS

SHELTERLY | www.shelterly.us

- Provides users the five nearest places to stay in a given area. I expanded upon the original code from one of my class projects, upgrading functionality and improving the user experience.
- Built with HTML, CSS, Materialize, JavaScript, jQuery, AWS

EXPERIENCE

Developer-In-Residence | DigitalCrafts, Atlanta GA

September 2018 - present

- Work closely with the cohort instructor to help convey programming fundamentals to students
- Hold office hours after class to assist students with questions and work through problems
- Conduct webinars on relevant coding topics
- Represent DigitalCrafts in the community by attending meetings/lectures, posting relevant blog articles, and exchanging best practices.

Senior Executive Assistant | Cox Media Group, Atlanta GA

July 2017 - April 2018

- Provided administrative support to the EVP, Digital Strategy
- Managed a high-density, fluid calendar while respecting project timelines, staffing demands, and corporate commitments
- Utilized discretion and judgement at all times in dealing with executive's direct reports as well as communication with customers and vendors via telephone and email

Executive Assistant

August 1994 - July 2017

- Over 23 years of senior administrative experience in the media, financial, and management consulting industries
